

# BAY MEADOWS

Travis came to Bay Meadows from a stint with Golf Tec, a golf video lesson company where he averaged 6 private lessons a day during the summer of 2014. Prior to Golf Tec, Travis worked with Bay Meadows owner Mike Husby at LochenHeath in Traverse City and the Candlestone Resort in Belding. Travis is a graduate from Ferris State University (Golf Management) and is an expert with video lessons. During 2015 Travis was very busy with his adult students and was also active in the junior program at Bay Meadows Family Golf Course. Travis is providing instruction this winter at the newly remodeled Learning Center and is very busy planning and improving the women's instructional programs for 2016.

Travis has a long list of students that have improved dramatically from his expertise and the state of the art equipment provided at the Bay Meadows Learning Center.
